## STOOL EXAMINATION STOOL ROUTINE

TEST DESCRIPTION	RESULT	REF. RANGE	UNIT
<b>General Examinations</b>			
Reaction(pH)	Acidic		
Reducing substances	absent		
Occult Blood	absent		
Colour	Yellowish		
Consistency	Solid		
Mucus	Traces		
<b>Microscopic Examination</b>			
Pus Cells(Leucocytes)	1-2/hpf		
Epithelial cells	1-2/hpf		
RBC's	Not Seen		
Ova	Eggs of A.lumbricoides seen		
Cysts	Cysts of E.histolytica seen		
Fat Globules	absent		
Macrophages	Seen few		
Yeasts	Seen(+)		

### Interpretation:

Parameter	Interpretation
Color	Normal color varies from light to dark brown
Consistency	Normal consistency should be formed or semi-formed
Mucus	Presence of mucus may indicate inflammation or irritation in the intestinal lining
Blood	Presence of blood may indicate bleeding in the gastrointestinal tract
Occult Blood	Positive result may indicate bleeding in the gastrointestinal tract
pH	Normal pH range is 6.0 to 7.5
Reducing Substances	Positive result may indicate malabsorption of carbohydrates
Ova and Parasites	Presence of ova or parasites may indicate a parasitic infection
Cysts	Presence of cysts may indicate a protozoal infection
